1 JUL 1970

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Inspector General's Survey
of the Office of Computer Services

REFERENCE : DD/S 70-2271, dtd 18 June 1970

1. To assist SIPS in getting started, the Office of Communications was requested to provide both five ceiling positions and five individuals to the program. With the exception of the clerical employee and to some extent, Mr. [] the SC careerists nominated for assignment were selected because of their limited assignability and future within OC. It was hoped, and expected, that these individuals would be able to develop new careers within the SIPS program. Only 2 of the five individuals initially assigned are still with SIPS.

2. A documented record of interviews or discussions is not normally maintained and therefore precise figures on frequency of contact are impossible to provide. However, a synoptic profile covering the information desired is provided on each of these individuals.

Approved For Release 2003/05/27 : CIA-RDP84-00780R0003000800047-8

3. As you can appreciate, continuing identification with the parent career service is difficult under these circumstances. It was recognized early in the program and discussions concerning the future and careers of the individuals assigned to SIPS were held between the Chief of the SIPS Task Force and the Chiefs of our Administrative Staff and Career Management and Training Staff. No conclusions were reached on this subject and of course this is the thrust of the IG Survey. Some decision must be reached to determine the long-term career service assignment of these individuals.
